Transfer of Credit

Students are expected to complete all coursework at UTSA. Exceptions require approval of the appropriate Graduate Program Committee, academic College, and the Graduate School, and must meet conditions for transfer of credit. Work counted toward a degree at another institution cannot be transferred.

Conditions for transfer of credit:

1. Students must complete the form “Transfer of Graduate Credit towards Doctoral Degree.”
2. The courses must have been completed with a “B” (3.0) or better.
3. Coursework must be from an accredited university and have not been used in another degree program.
4. An official transcript from the institution where the coursework was completed must be submitted.
5. All coursework must have been completed no more than six years before the degree was awarded.
6. Coursework is subject to approval of the appropriate Graduate Program Committee and academic College in which the program is administered.
7. Courses must be defined as graduate-level work at the institution where the credit was earned.
8. International transcripts must be evaluated by a UTSA approved foreign credential evaluation service agency.

Students should not take courses they plan to transfer from another institution the semester they plan to graduate due to the time limitation on receiving the grades and certifying the student for graduation.

Applicants with a master's degree in the field of the doctoral program of interest or related field may apply a maximum of 30 semester credit hours of previously earned graduate credit toward a post-baccalaureate doctoral degree program, pending approval from the Graduate Program Committee, academic College, and Dean of the Graduate School; provided the credit has not been used toward another doctoral degree.
