Master of Education Degree in Educational Leadership and Policy Studies

Students seeking to apply for administrative careers in public or private schools, school systems, and higher education institutions have two options for the Master of Education (M.Ed.) degree: (a) a concentration in educational leadership for K–12 school administrators and (b) a concentration in higher education administration for post-secondary administrators. The unique problems, processes, and expertise associated with effective personnel, instruction, and instructional leadership decisions are explored, developed, and tested in simulations with an emphasis on applied research and human relations methodologies. The 36-semester-credit-hour program with an educational leadership concentration for K–12 is also designed to meet principalship certification requirements. In addition, a superintendency/central office program of 15 semester credit hours is available for practicing K–12 school administrators. Successful completion of the program and passing the Texas Examinations of Educator Standards (TExES) can result in a recommendation to the State of Texas for principalship or superintendent certification.

Program Admission Requirements

The M.Ed. in Educational Leadership and Policy Studies is for students aspiring to be school administrators in K–16 schools and other educational settings. Admissions are based on the following criteria:

1. Applicants must hold a baccalaureate degree from a regionally accredited college or university in the United States or have proof of equivalent training at a foreign institution.

2. Evidence of relevant work experiences must be provided as documented by the submission of a résumé. For the educational leadership concentration, applicants must be engaged in leadership activities outside the classroom. Higher education administration concentration applicants must have at least one year of experience in student affairs or a related field.

3. For those students applying for the higher education administration concentration: a statement of purpose of one to two pages is required that provides (1) the applicant’s reasons for pursuing a master’s degree with a concentration in higher education administration, (2) a biographical sketch of the applicant’s experiences relevant to higher education administration, and (3) career plans after obtaining a master’s degree with a concentration in higher education administration.

4. Acceptance to the M.Ed. program is contingent on having a grade point average (GPA) of at least 3.0 (on a 4.0 scale) in the last 60 semester credit hours of coursework for the baccalaureate degree, as well as in all graduate-level work taken.

5. Applicants who lack appropriate academic background (e.g., Texas teaching certification) may be admitted conditionally, and specific coursework will be required to address their deficiency.

6. International students must have a minimum score of 79 on the TOEFL Internet-based test, 550 on the TOEFL paper-based test, or 6.5 on the IELTS.
