Department of Sociology

The Department of Sociology offers the Master of Science Degree in Sociology.

Master of Science Degree in Sociology

The Master of Science degree in Sociology is designed to prepare graduates with the skills necessary to enter the professional workforce as sociologists or to pursue further study at the doctoral level. Students have the opportunity to acquire a knowledge base in sociological methods, theory and in areas of growing community concern, including health, aging, religion, socioeconomic development, gender issues, and race and ethnic relations. They will have the necessary research skills to define social issues and problems, select data collection techniques, establish appropriate analysis methods, develop statistical reports, and undertake policy analyses for businesses, governmental agencies, and nonprofit organizations.

Program Admission Requirements

Students applying for unconditional admission must satisfy University-wide and College-wide graduate admission requirements, and be recommended for admission by the Graduate Program Committee of the Department of Sociology. Applicants must have completed 18 semester credit hours of undergraduate courses, 12 of which must be at the upper-division level in sociology or related areas, including a course in research methods or statistics. Applicants must have a grade point average of at least 3.0 (on a 4.0 scale) in the last 60 hours of undergraduate and graduate work.

Applicants who do not meet these requirements will be considered for conditional admission. Conditional applicants must submit indicators of preparation for graduate study, such as completion of additional undergraduate coursework to remove deficiencies, completion of 9 or more semester credit hours of graduate courses, and the achievement of a 3.0 grade point average (on a 4.0 scale). An applicant not eligible for either unconditional or conditional admission may be recommended for admission as a special graduate student (or a non-degree-seeking student). This does not guarantee subsequent admission as a degree-seeking graduate student; such students must reapply for degree-seeking status.

Applicants for the Master’s Program in Sociology must submit the following materials to the graduate admissions office:

1. an application form (available online at http://graduateschool.utsa.edu/)
2. an application fee
3. official transcripts from all collegiate institutions attended, including community colleges
4. Graduate Record Examination (GRE®) scores from a GRE-administered examination. This score will be considered as only one element in the evaluation of applicants. Applicants who have a grade point average of 3.5 or higher will not be required to submit GRE scores.
5. a personal statement (approximately 500 words, or two typed pages) indicating your interest and goals in studying sociology
6. three letters of recommendation from references who can speak to your qualifications for the graduate program (at least one of these must be from someone who can speak to your academic qualifications)
7. an academic writing sample (such as a paper written for a class, preferably a sociology class)
