Master of Science Degree in Criminal Justice and Criminology
The Master of Science (M.S.) degree in Criminal Justice and Criminology is designed to provide students with competency in research, policy planning, evaluation, agency management, and preparation for continued graduate study in criminal justice and criminology. The program assists students to develop and apply research expertise toward the resolution of contemporary practice and policy issues.

Program Admission Requirements
To qualify for unconditional admission, applicants must satisfy University-wide graduate admission requirements and submit all transcripts as well as two letters of recommendation, a resume and a personal statement. Graduate Record Examination (GRE) General Test scores are optional. An applicant admitted unconditionally as a degree-seeking student must possess a baccalaureate degree from an accredited university or equivalent training at a foreign institution; have a grade point average of 3.0 or better in the last 60 semester credit hours of undergraduate work as well as all previous graduate work; have 18 hours in criminal justice, criminology, or a closely-related discipline, or professional experience in the justice system; be in good standing at the last institution attended; and the recommendation of the Criminal Justice and Criminology Graduate Program Committee. Students who do not meet these criteria may be admitted conditionally or on probation as degree-seeking depending on the nature of the deficiency. Admission as a special student may be considered by the Graduate Program Committee upon request of the applicant.

Degree Requirements
The minimum number of semester credit hours required for the degree, exclusive of other study to remove deficiencies, is 36. Degree candidates must complete the following three requirements:

A. 15 semester credit hours of core courses:

C. 6 semester credit hours consisting of one of the following options.  
Student must complete the 15 credit hours of the core coursework and a minimum 9 credit hours of electives (total of 24 credit hours) to be eligible for one of the following options:

1. Nonthesis Option (Written Comprehensive Examination): Students who select the nonthesis option are required to take the written comprehensive examination and complete two additional electives (6 hours). It is required that one of these additional electives be CRJ 6383 Capstone Course. It is graded as Credit/Non-Credit. This course provides a review of the five core courses from which all exam questions will be drawn. CRJ 6383 Capstone Course will operate as a stand-alone course. A student must complete this course to satisfy the requirements of the degree, but can also receive credit for this course without successfully completing the comprehensive exam. In the event that a student does not pass all five sections, the student must re-take the comprehensive exam in a subsequent semester. Students may only re-take the comprehensive exam twice after the initial attempt; students have one calendar year (two semesters) from their initial attempt to successfully pass the comprehensive exam. Students not enrolled in any other courses would be required to enroll in 1 credit hour of CRJ 6961 Comprehensive Examination in the subsequent long semester in which the student wishes to re-take the comprehensive exam.

2. Thesis Option: This option is available only with permission from an instructor and the Graduate Advisor of Record. Students electing the Thesis option are required to enroll in CRJ 6996 Master’s Thesis for a total of 6 credit hours, which includes completion of an oral comprehensive exam (i.e., successful proposal defense). Students failing to complete all requirements of the thesis option within the 6 credit hours would be required to enroll for 1 credit hour of CRJ 6991 Master’s Thesis if no other courses are being taken that term. The Master’s thesis requires compliance with UTSA thesis requirements and a successful final thesis defense.
