UTSACard

The UTSA Card is the official identification card of the UTSA community. It may be used as a prepaid debit card to pay for everything from On-Campus Meals to printing. All current students, faculty, and staff may take advantage of the benefits of the UTSA Card prepaid debit account (Rowdy Dollars), which may be used to pay for everything on-campus from meals to printing. The card is also required to access several UTSA facilities, including student computer laboratories, the Recreation Center, and Student Health Services.

Students must obtain the card in person by presenting a driver's license, state identification card, passport, or military ID card at the UTSA Card Office on the first floor of the Multidisciplinary Studies Building (MS 1.01.52) at the Main Campus, 210-458-4639, or in the Frio Street Building (FS 1.506) at the Downtown Campus, 210-458-2965.

A $3 nonrefundable ID card fee is assessed each semester at the time of registration at UTSA. A $10 fee is charged for replacing an ID card when lost, stolen, or damaged through neglect as the card remains valid as long as the student remains enrolled at UTSA.
