READMISSION

Master's and doctoral level students returning to UTSA who have attended other institutions of higher education since they were last enrolled at UTSA must submit an official transcript from each institution. Eligibility for readmission of any former student depends on the student's academic status at the conclusion of the last UTSA semester of enrollment and performance on any subsequent college or university work attempted. Readmission must be recommended by the appropriate Graduate Program Committee.

Master's Level

UTSA master's students who have attended a semester but have not been in attendance for one full year (three continuous semesters) are required to reapply and submit an application for graduate admission, and pay a nonrefundable application fee (see application fee table (http://catalog.utsa.edu/policies/admission/graduate/credentials/)), by the application deadline. Please note, students must be registered by census date of the third continuous semester or they must reapply for admission.

Doctoral Level

UTSA doctoral students must be enrolled every semester unless specified otherwise by the Graduate Program Committee. Doctoral students who have not been in attendance for one semester and do not have an approved leave of absence must submit an application for graduate admission, and pay a nonrefundable application fee (see application fee table (http://catalog.utsa.edu/policies/admission/graduate/credentials/)), by the application deadline.

Military Service

Students who withdraw from UTSA to perform military service (not including Texas National Guard Training exercises) will not have to requalify for admission and will be reactivated upon a request made within one year of being released from active military service. A returning student may be eligible for the same financial assistance provided before the student's withdrawal.

International Students

International students who have not been in attendance for one semester, excluding the summer semester, must reapply for admission.
