Mission Statement

The Department of Marketing is dedicated to creating knowledge through cutting-edge research that enhances the understanding of marketing and consumer behavior and provides benefits to consumers, business, and public policy, and to sharing knowledge by providing students with the highest quality marketing education through a nurturing environment of hands-on learning.

The Department of Marketing offers a Bachelor of Business Administration (B.B.A.) degree in Marketing. Within the marketing degree, a track in Sport, Event and Tourism Management may also be pursued.

The marketing degree provides students with the theory and methods used by businesses to develop strategies for designing, pricing, distributing, and promoting the firm's offerings. Courses present practical treatment of such topics as marketing strategy, customer demand analysis, market segmentation, promotion management, consumer behavior and decision making, and international marketing. Graduates can choose from a wide range of careers including marketing management, advertising, personal selling, retailing, international marketing, and marketing research.

The Sport, Event and Tourism Management track provides the opportunity for a comprehensive business education that can allow students to enter into careers in sport management and marketing, event management, travel and tourism, and destination marketing.
