13. HONORS COLLEGE

The Honors College

The Honors College is a non-traditional, liberal arts and sciences college at the University of Texas at San Antonio. It recruits and develops high-achieving students. In Honors, students are immersed in a small college culture while having total access to all of the unique resources of one of the nation’s top emerging research universities.

Emphasizing student development within a real-world context, UTSA Honors has one of the most experiential honors curricula in the nation. The Honors College uses the seventh largest city in the U.S., San Antonio, as our laboratory. Honors students have the distinct advantages of learning and networking in a vibrant, culturally-rich, and innovative city setting.

Honors students also have the benefit of working with the top students from all disciplines. Our emphasis on student life encourages a family atmosphere and helps students develop lifelong friendships with those who are sure to be tomorrow’s leaders.

Mission

The Honors College uses an experiential approach to assist students of all majors to become servant leaders, develop as professionals, and intellectually achieve beyond their GPA. We help our students to emerge as culturally aware global citizens, live engaged and intentional lives, and acquire skills that will help them to flourish.

We genuinely value our community, devoted to seeking new and significant ways to help students gain a deep sense of belonging. We believe in honoring those whose actions uphold the highest standards of virtue and excellence, promoting equity, justice, and fairness; practicing resilience in the face of hardships and adversity; contributing to the well-being of all, human or otherwise, through acting benevolently and kindly; and supporting those who need our help. We are a community that cares.

Our Philosophy

UTSA Honors focuses upon student outcomes. We develop students in order to succeed in what we call the S.P.I.C.E.S. areas. We know that the most successful graduates stand out in six areas:

- Service
- Professional Development
- Intellectual Achievement and Research
- Cultural Exploration
- Engaged Living
- Skill Development

We have intentionally designed our curriculum to help students produce demonstrable achievements and leadership in each of these areas.

Our Ethos

UTSA Honors promotes a “small college feel.” We model our ethos after small, private liberal arts colleges. We want our students to feel like they are part of a family. Though our students are exceptional, we privilege collaboration over cutthroat competition, a healthy lifestyle above unhealthy stress. We ask our students to remain steadfastly committed to living our H.E.R.B.S., always reminding them to be

- Honorable
- Equitable, Just, and Fair
- Resilient
- Benevolent
- Supportive

We strive to help students understand their learning as a public good and hope to inspire them to use what they learn for the betterment of others.

Our Learning Outcomes

Our Honors curriculum is open to all majors. Our learning outcomes, or C.A.P.E.R.S.I.E.S., reflect our emphasis on knowledge discovery and application through personal development and civic engagement.

- Creative Courage
- Adaptability & Resilience
- Project Management
- Agency through Accomplishment
- Communicating Effectively
- Intellectual Dexterity
- Team/Independent Learning and Decision Making
- Intercultural Confidence
- Ethical Reasoning
- Self-Reflection and Awareness

Admission andRetention

Admission

Admission to the Honors College is offered to a select number of highly motivated and successful students who wish to take charge of their education and achieve their highest potential at UTSA.

All admissions to the Honors College are on an invitation-only basis. Incoming freshmen and transfer students are automatically considered for Honors College eligibility based on the student’s information at the time of application to UTSA. Current UTSA students are automatically considered for Honors College eligibility based on their cumulative grade point average (GPA) and completed credit hours as of the semester prior to invitation. Students admitted to the University of Texas Coordinated Admissions Program (CAP) are ineligible for admission. Admission information is available through the Honors College website (http://honors.utsa.edu/).

Retention in the Honors College

Good Academic Standing

Policies on Good Academic Standing in the Honors College vary major to major. Please contact your program administrator or your Honors College Academic Counselor for specific program policies. Note that students need a graduation UTSA grade point average (GPA) of 3.5 or higher to be classified as an Honors College graduate. Students with less than a 3.5 GPA or...
GPA may still be members of the Honors College; for more information, please see your program administrator or Honors College Academic Counselor.

Dismissal
Students who are not in Good Academic Standing as of July 1 may be dismissed, depending on their program requirements. Please contact your program administrator for details.

Probation
Probation is granted at the discretion of the Associate Dean of the Honors College. Except in rare cases, students will be granted no more than two semesters of probation. Please see the Honors College website (https://honors.utsa.edu/) for probation procedures.

Benefits and Services
The UTSA Honors College provides the following opportunities to members of the College:

Early Registration
Honors students have early registration benefits, which means they may register for classes on the first day of priority registration.

Dual College Membership
All Honors College students are also members of a degree-granting college. Admission to the Honors College is independent of admission to any other academic unit.

Honors Counseling and Major Advising
In their first year, honors students have an Honors Academic Counselor who helps them start their academic career at UTSA. They also have Honors peer coaches to help them find the best opportunities in which to get involved. After the first year, an advisor in the college of the student’s major becomes the primary academic advisor. Honors Academic Counselors continue to help with Honors requirements.

Throughout their time in Honors, students have access to our Honors Counselor team. This group helps students to find and develop study abroad, service learning, professional development, internship, and other S.P.I.C.E.S opportunities, all the while ensuring that the student stays on track to graduate from Honors.

Honors Scholarships
The Honors College, in conjunction with the UTSA Scholarship Office, annually awards numerous Honors scholarships. Many Honors scholarships are renewable for up to three years for students who maintain the requisite grade point average as determined by the specific scholarship and complete an Honors course each semester. More information on scholarships is available through the Honors College website (http://honors.utsa.edu/).

Honors Events
The heart of the honors community is the events. Honors students host many events each year that are funded by honors student fees. These events are social, ceremonial, academic, or sometimes just fun. This is the best way for an Honors student to build their network.

Honors Study Abroad
The Honors College works with UTSA’s Office of International Programs to offer opportunities for Honors students to acquire new knowledge and understanding of the people, events, movement, ideas, and objects of cultures other than their own. Multiple scholarships are available through the International Education Fund and the Honors College.

Professional Networking
Every year honors students have access to many unique professional, academic, and cultural networking opportunities that are not available to other students.

Recognition for Honors Graduation
Members of the Honors College who complete curricular and non-curricular requirements listed in this catalog and maintain the requisite GPA qualify to graduate through the Honors College and to participate in the Honors College Stole & Laurel Ceremony, where they receive an Honors stole to wear with their academic regalia to the official university commencement ceremony. Recognition for Honors at the UTSA Graduation includes a notation on the transcript and diploma and mention in the university commencement bulletin.

Honors College Requirements
To graduate with diploma-level recognition from the Honors College, a student must meet all of the following requirements:

• Be accepted and enrolled in the Honors College,
• Declare and complete Undergraduate Bachelor's Degree requirements for any UTSA program under a student’s specific catalog of record,
• Have a minimum UTSA grade point average of 3.50 on a 4.00 scale, and
• Complete the below-listed Honors College Curricular and Noncurricular Requirements.

Honors College Curriculum Requirements
The UTSA Honors College is committed to students’ community engagement, mindful living, and civic engagement, which may best be understood through the S.P.I.C.E.S. Students are required to actively participate in the S.P.I.C.E.S.: service, professional development, intellectual achievement and research beyond the classroom, cultural exploration, engaged living, and skill development. As such, the UTSA Honors curriculum is designed to help students have the types of experiences that will create lifelong learners and dexterous thinkers. To allow students the ability to take on multiple majors (should they choose to), to potentially graduate early, and to utilize previously acquired credits, our curriculum is intentionally flexible. Our intentional curricular flexibility and malleability also provide students the opportunity to customize their Honors College experience, thus crafting a curriculum that will make them most marketable to graduate schools and potential employers. In fact, our flexibility allows a student to graduate with as few as 4 credit hours of formal HON coursework. Nonetheless, the curriculum and co-curricular requirements are comparable to course equivalencies of 30 or more credit hours.

Noncurricular Requirements:
In addition to the below-mentioned Honors College curricular requirements, all Honors College students must also complete the following Honors noncurricular requirements:

• Students are required to attend college-wide meetings at the beginning of each semester,
• Students must complete either HON 1000 Honors 101 or one semester of HON 1100 Top Scholar: Top Scholar Program.
Curricular Requirements:
All Honors coursework and equivalencies must earn a C- (70%) or better in order to fulfill an Honors College curricular requirement, except Experiential Learning Fair scores, which must be a B- (80%) or better.

I. Required Coursework (8 Credit Equivalencies)  
Complete all of the following:

II. Experiences (18-19 Credit Equivalencies)  
Students are required to complete six (6) of the following Honors Experiences. Students may complete up to 2 Experiences in any category (for example, a student who completes HON 3503 twice when topics vary and completes an internship and Peer Coaching will have 4 Experiences in just 2 categories: Engaged Living and Professional Development). Students cannot earn credit for 3 Experiences in any one category without petitioning for credit.

In addition to being able to complete Honors College curricular requirements through Experiences 1-8 through HON coursework, students may opt to meet their Experiences by using specially designated UTSA courses, UTSA co-curricular experiences officially approved by the Honors College, and independently designed co-curricular experiences officially approved by the Honors College. For a complete and current list of approved substitutions and the independent design process, students should refer to the Honors College website and consult with their Honors College Academic Counselor.

Experience 1. First-Year Experience:
AIS 1203 Academic Inquiry and Scholarship
This course must be completed as an honors section specifically. This course is a Core Curriculum requirement for all FTIC (First Time In College) Freshman students, regardless of Dual or AP credits completed. This course is NOT required for Transfer students who have completed 30 or more hours or who transfer in as Core Complete from another institution, nor is it required for UTSA students who completed AIS prior to admission to the Honors College. However, they do have the option of completing an honors AIS 1203 section should they choose to do so.

Experience 2. Service (select one of the following):
HON 3103 Honors Service
HON 3533 Archer: Advocacy and Politics
3 credit hours of any honors section of a course designated as an Honors Service Course or equivalent: when appropriate, honors sections of courses will carry designations that identify experience requirements that they will satisfy. These designations will be publicized to students by the Honors College and in the comments of the published course schedule.

Experience 3. Professional Development (select one of the following):
HON 3263 Honors Professional Development

Experience 4. Intellectual Achievement and Research (select one of the following):
HON 3313 Honors Intellectual Achievement and Research
HON 4993 Honors Thesis

**Experience 12. Double Major/Honors Program; students may complete the following:**

- **Option 1:** Complete the requirements for at least two majors at UTSA.
- **Option 2:** Enter UTSA as a graduate of a two-year college honors program.

**NOTE**

Students pursuing both graduation from the Honors College and an honors program from another UTSA college may count up to 3 experiences earned through their honors program coursework as Honors Experiences.

**Total Credit Hours** 26-27

**Honors College Graduation with Distinction**

A student may graduate from the Honors College “With Distinction” by meeting the following conditions:

1. **Complete required coursework:** 26-27
   - Complete all above-mentioned curricular and noncurricular requirements for graduating from the Honors College

2. **Complete one of the following conditions:** 0-7
   - HON 4984 and an additional Experience
   - Complete another UTSA college’s honors program
   - Complete The Archer Program

**Total Credit Hours** 26-34

**Honors College Member Graduates**

Students who do not complete the requirements for graduation from the Honors College may graduate as “Members of the Honors College” by having an institutional grade point average of 3.3 upon graduation and being in good standing in the semester of graduation. Students who are Honors College Members in good standing in special programs but not pursuing the Honors College curriculum will also graduate as Honors College Members.

**Honors College Programs Open to Non-Honors College Students and Jointly Sponsored Programs**

The UTSA Honors College partners with several honors programs on our campus. Those programs are also open to non-Honors College students.

**The Archer Program**

The Bill Archer Fellowship Program was established by The University of Texas System in conjunction with Former U.S. Representative Bill Archer as a way to bring highly motivated and accomplished students from Texas to Washington, D.C. to participate in varied internships and take part in classes focusing on policy, history, and advocacy. Our students work with organizations such as the United Nations Information Centre, the US Department of State, many offices within the White House and on the Hill, with federal agencies, and with non-profit organizations. Our selection process is rigorous, and to bring only the best representatives from throughout Texas. Information and application forms can be found on the Bill Archer Fellowship UTSA website (https://honors.utsa.edu/students/programs/).

**The Legislative Program**

Created in September 2004, the UTSA Legislative Scholars Program is a collaborative initiative started between Texas State Representative Ruth Jones McClendon and The University of Texas at San Antonio. Coordinated by the UTSA Honors College, the program provides undergraduate and graduate students with the opportunity to serve as interns in the Texas House of Representatives during regular legislative sessions. Students with an interest in public policy and a commitment to public service, as exemplified by Representative McClendon, are encouraged to apply. Information and application can be found at the UTSA Legislative Scholars website (http://honors.utsa.edu/students/programs/).

**Developing UTSA Colleges Honors Programs**

Several UTSA colleges are developing college honors programs, including the College of Engineering and the College of Sciences. When implemented, they will be available to Honors College students who meet criteria for admission. Students pursuing both graduation from the Honors College and an honors program from another UTSA college may count up to three experiences earned through their honors program coursework as Honors College Experiences. See your Honors Academic Counselor for details when a new college honors program begins that could apply to your plans.

**UTSA College of Business Honors Program**

Business Honors is available only to students admitted to the Business Honors Program (BHP). Students pursuing B.B.A. majors in the College of Business are eligible to apply and participate. The Business Honors Program provides outstanding students with opportunities to benefit from an enriched first-class education. Business Honors students will take smaller classes taught by some of the best faculty in the College. Additionally, the program is designed to give our students a competitive edge in the job market. Students are required to complete a total of 18 credit hours of business honors coursework as well as experiential learning activities during their undergraduate education.

Information about application forms and deadlines is available on the College of Business website (https://business.utsa.edu/undergraduate-studies/business-honors-program/). College of Business students admitted to the Honors College Program have direct admission to the Business Honors Program.

**UTSA Citymester**

UTSA Citymester is a semester-long academic immersion experience in the San Antonio community. Students will complete a major internship, significant service learning, and engage the issues and life of the nation’s fastest growing city and seventh largest city.
